The Mighty Creatives (TMC) Team

WELCOME TO THE MIGHTY CREATIVES!

Established in 2009, The Mighty Creatives is a charity which has transformed the lives of children and young people through arts, culture and creativity. Based at the heart of the cultural quarter in Leicester, we have served children and young people’s communities across the Midlands, reaching across the UK and Internationally through our partnership work.

Our Vision and Mission

It is crystal clear to many that the arts, creativity and cultural education have a fundamental role in supporting young people in countering the impact of social injustice. That need has become more demanding in recent years, and we now need to ensure that this is expressed at the heart of our vision:

Social Justice for young people through arts, culture and creativity

To achieve this vision, our mission has four strategic objectives (SO) and associated SMART outputs over the five years of this business plan as follows:

SO No.	Strategic Objectives
SO1	To transform the lives of our beneficiaries through one-to-one and group-based Creative Mentoring services .
SO2	To provide support, advice and opportunities to employers which assist our beneficiaries’ employment prospects and enterprise opportunities through our Mighty Employers Services .
SO3	To inspire our beneficiaries to express themselves through the power of creativity and to work with other stakeholders to support best practice, youth-led approaches which foster meaningful cultures that place youth voice at the heart through our Youth Voice services .
SO4	To sustain and grow investment in our work from across the UK and internationally.

Our guiding principles

1. **We will listen and act:** embedding children and young people’s voices throughout our work from conception of programme to delivery and governance and we will encourage others to do the same.
2. **We will work collaboratively:** partnership working is central to the work we develop to improve creative outcomes and cultural opportunities for our region’s children and young people.

3. **We will respond to need:** we focus on nurturing and supporting the creativity of children in need and those working for them to promote high quality cultural practice.
4. **We will champion Equality, Diversity and Inclusion:** we stand in solidarity with the Black Lives Matter Campaign and all marginalised communities across the world and will use our voice to speak out against injustice. We commit to listening, learning and taking action to improve access to creative opportunities for our region's children and young people.
5. **Engagement with artists and educators** is driven by a personalised, person centre pedagogy in which mentoring, and coaching play a fundamental role in generating personal change.
6. The **creative voices of young people** will be at the heart of the creative or cultural experience.

Our Values

Our values are inspired by the work of Munira Thobani and her work on the Thobani 6C Self Audit Tool©

1. **We seek Coherence in our work:** Social justice, equality and equity matters to us. We constantly review and refresh the narratives of why equality matters to us in our professional (and political) practices. We strive to have a coherent vision and set of values on equality and share this vision with your stakeholders. We set out our equality objectives to support us in delivering our purpose fairly and equitably.
2. **We seek to raise Consciousness** in our work: by increasing knowledge, understanding, awareness and empathy. We strive to improve our awareness of our privilege and possible complicity in maintaining discrimination and disadvantage.
3. **We are committed** to tackling inequality and disproportionality in all its forms.
4. **We strive to find the courage** to challenge the status-quo in perpetuating discrimination and inequality. We strive to act and influence the ways which can shift the balance of power and privilege in our work and build our courage by connecting and networking with the individuals, groups and organisations who are tackling discrimination, inequality and disproportionality.
5. **We seek Connectedness** with self-organised equality seeking groups and draw strength from being an ally by working in tackling discrimination that is direct, indirect and or inter-sectional.
6. **We prioritise Co-production** by developing leadership models which lead and empower others so that their contributions to achieve greater equitable outcomes for all our communities. We ensure there is accountability of everyone in the organisation to act consistently with achieving our organisational purpose and equity ambitions.

We strive for these values to be evident in all aspects of our organisation: governance, leadership, programmes, income generation and operations and processes.

Our Theory of Change explains how we will work strategically and collaboratively to achieve and demonstrate our strategic outcomes for children and young people in need. It provides a

summary of the changes that will occur and provides the context for our programme development and delivery plans.

Starting with the problem statement, *“Children and young people living in challenging circumstances experience significant social injustice, including heightened isolation, lack of stability, compromised mental health, lower attainment and lack of opportunities to experience the personal, social and economic benefits of the arts, culture and creativity”*.

Our desired long-term goal is to gain social justice for young people through creativity. This will result in children and young people feeling more confident and resilient; empowering them to influence decision making that affects their lives, speak out against injustice and build aspirations that will shape successful futures.
